

SAILING

TRIP SITGES

Hello welcome aboard,

I am Oscar, skipper of the Aida. More than 7 years ago I discovered what would one day become a passion and a lifestyle, sailing.

With more than 2000 nautical miles discovering all the Balearic islands, central Dalmatia and of course, the coast of Catalonia where I am born.

After all these personal experiences, I decided to dedicate my professional time to share my passion and make your stay a day of activity with which, at the very least, you want to repeat!
